TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Belmont, in the (L. S.) County of Belknap, in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at Hall's Hall in said Belmont on Tuesday the eleventh day of March next, at nine of the clock in the forenoon, to act upon the following subjects.

Art. 1 To choose all necessary town officers for the year ensuing.

Art. 2 To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

Art. 3 To choose one trustee of trust funds for three year.

Art. 4 To see how much money the town will vote to raise and appropriate for the building and repairs of highways and bridges for the ensuing year.

Art. 5 To see how much money the town will vote to raise and appropriate for the maintenance of its Public Library for the ensuing year.

Art. 6 To see if the town will vote to raise and appropriate a sum of money for Memorial Day and if so, how much?

Art. 7 To see what the town will vote to do with its Parsonage Fund.

Art. 8 To see how much money the town will vote to raise and appropriate for lighting its streets for the ensuing year.

Art. 9 To see if the town will vote to appropriate a sum of money for the observance of Old Home Week.

Art. 10 To see if the town will vote to avail itself of the provisions of the law passed at the 1905 session of the legislature entitled "An Act to provide State Aid and for expenditure of money in the permanent improvement of main highways throughout the state" and if so to see how much money the town will vote to appropriate for said purpose.

Art. 11 To see if the town will vote to authorize the Selectmen to distribute the blank inventories at the time they examine and appraise the property to be taxed.

Art. 12 To see if the town will vote to raise and appropriate a sum of money for band concerts during the summer months.

Art. 13 To see if the town will vote to allow a discount on all taxes paid on or before July 1, 1919 and if so how much?

Art. 14 To see if the town will raise a sum of money for Mosquito Bridge debt, if so, how much?

Art. 15 To see how much money the town will vote to raise to make repairs on its water works. To hear report of committee on same.

Art. 16 To transact any other business that may properly come before said meeting.

Given under our hands and seal, this twenty-first day of February in the year of our Lord nineteen hundred and nineteen.

WILLIAM E PHILLIPS } Selectmen
HARRY W ROGERS } of
FRED A CURRIER. } Belmont.

A true copy of warrant—ATTEST:

WILLIAM E PHILLIPS } Selectmen
HARRY W ROGERS } of
FRED A CURRIER } Belmont.

Considering so much sickness during the past year, not as many books have been taken out.

One hundred new, and all the popular magazines have been purchased. Fifty books have been donated by patrons.

Very soon we shall require more room, as we have outgrown our present quarters.

Some fine location for a nice building.

SCHOOL REPORT

REPORT OF THE SCHOOL BOARD

To the VOTERS OF BELMONT:

Owing to the change made in the school year by the last legislature our report covers the time from Jan 31 1918 to Aug 31 1918 and we refer you to the financial report for the facts of the same. Since Sept 1 we have added to the balance by money received from the state etc. to a total of \$6,474.59 and have paid on account of schools \$4,407.77 leaving a balance on hand Jan 31 1919 of \$2,066.82 with which to complete the school year. As the schools at the lowest estimate cost on the average \$150.00 per week the money on hand will not run the schools but about fourteen weeks and we would recommend that enough money be raised to make out a school year of 36 weeks. The cost of maintenance has increased very much in the past year as all know and the schools have been much broken into by influenza, whooping-cough, etc so that we must say that for the money expended, we have received less this year than usual; but this is a condition which could not be foreseen and must be met, as we cannot get teachers unless we pay somewhere near the same as other towns and guarantee them a year of 34 to 36 weeks. We much regret that we have to go out of town for all but one of our teachers.

Some repairs have been made at the Upper Province Road school. New toilets of an approved style installed which can be later transferred to a new building which we hope the district will build there.

For the detailed work of the schools see statistical table and the report of the Supervisor.

HERBERT C ADAMS Treas.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of the School District of Belmont:

I herewith submit to you and through you to the citizens of Belmont my fourth annual report as superintendent of schools.

In spite of the extreme weather of a year ago which interfered materially with school attendance and the short school year which in no school was more than thirty-four weeks, reasonable success was attained in school work for the year ending in June. Our total enrollment during the year in all schools combined was two-hundred thirty, the average membership was 185, and the average attendance was 166. Ten pupils were perfect in attendance during the year. The regular school work was of a good order.

In addition to the so-called regular school work many of the children were interested in club and school-home garden work during the spring and summer. A large per cent of the boys and girls pledged themselves to have home gardens and a good number put them through. The value of the produce raised by these children was considerable. Furthermore the right kind of garden work is an important part of any child's education. The United States Bureau of Education is now at work forming a United States School Garden Army for the coming season. The work is being organized in all the states through the state school officials. The plan is: A garden for every child. Every child in a garden. I believe this the right kind of work for the school to attempt. I have confidence that the Belmont boys and girls will make a good record this coming year.

Closing exercises were held as usual in June. Eighteen children were given certificates of graduation. Four of these were from the rural schools. The rural schools were represented on the program. Violet Rowe of the Upper Province Road school had that honor. A good number of these graduates are now attending high schools.

There have been several changes among our teachers during the last year. Miss Bernice Putney was compelled to give up her work at the Gale school because of poor health and Miss Gladys Ryerson was transferred at the opening of the spring term to the position at the Gale. Miss Ryerson has continued here with success. Miss Mary C Butler who had been principle of the Gale school for three years resigned in June. Miss Mollie K Dearborn, a former teacher in this building, was chosen principal. Miss Carrie Wyatt also completed her service in June. Miss Ada Murray of Littleton, who had had three years experience and considerable training, was chosen to fill this vacancy. Miss Eunice Hunt of Gilford, a graduate of New Hampton with a

year's experience in teaching, began work at the Plummer school in Sept taking the place of Miss Heywood resigned. The Ladd Hill school has been closed this year because of small numbers. Miss Dorothy Page who did good work at this school last year was transferred to the Union school.

The following is the list of teachers and the salaries paid at the present time:

School	Teacher	Salary per week
Gale Grades 1 and 2	Ivy M Burleigh	\$14 00
" 2 and 3	Gladys Ryerson	14 00
" 4 and 5	Ada Murray	15 00
" 6, 7, 8	Mollie K Dearborn	18 00
Union	Dorothy Page	11 00
Plummer	Eunice Hunt	11 00
Upper Province Road	Hazel Tinkham	13 00
Lower Province Road	Blanche Weeks	19 00

You will notice that we are paying our teachers higher salaries. There has been a material upward trend in teachers salaries everywhere during the last year. Teachers like the rest of us must have a living wage and the old salaries were not sufficient to meet present day living conditions. Furthermore the marked scarcity of teachers last Sept due to the great attractions of other lines of work made an increase inevitable. Not a few schools in New Hampshire were unable to open in the fall simply because there were no teachers to be had. However when we consider that we pay teachers for thirty-six weeks in the year at the most we must admit that even the present salaries afford rather meagre remuneration to those to whom we entrust our children and of whom we expect so much in the matter of intelligence, training and character.

We now have 19 pupils attending secondary schools, at Tilton Laconia and New Hampton. The suggestion has sometimes been made that we ought to have a high school here in Belmont rather than to send these children out of town for their high school work. There are certainly things to be said in favor of this idea. Doubtless more children would attend a local high school than now go away to school. Furthermore the sending of children back and forth on the train daily cannot be commended in every way. On the other hand a school located at Belmont village would not be convenient for children in certain parts of the town to reach. The cost of maintaining a local high school would be considerably more than the present cost to the district for high school tuition. It should however be the policy of the district to do everything that it is able to do to make it possible for every boy and girl to secure a high school education. No doubt at the present time the cost of transportation to and from school may be an obstacle in

some cases. Would it not be possible for the district to assist here? Again, too, children attending Tilton Seminary must furnish their own supplies and pay for the use of text books. I believe the district should assume this burden.

The distribution of the children in the grades at the Gale school seemed to make it advisable to rearrange the grades in the rooms somewhat in order to relieve the primary room. The great objection to this has been the necessity of putting three grades in the upper room. While this arrangement is not an ideal one it seemed on the whole the best one every thing being considered.

For several years we had a special teacher in music and some excellent work was done in this subject. I regret that for the last two years we have been without a special teacher. Necessarily this work has suffered. I would recommend that some way be found to secure the services of some one qualified to carry on this another year.

More and more is the school bound to concern itself with the physical welfare of the children. We have long known that only a sound body was the proper dwelling place for a sound mind. But the school of the past has paid for the most part but little attention to the body. There has been an awakening. The school is now teaching the boys and girls not only to know the great laws of health but to live them. It is also the business of the school to watch the physical growth and development of the children and to safeguard their health as far as possible. The best agency devised for this purpose is medical inspection.

Great improvement has been made at the school building at Upper Province Road. An addition has been built and chemical kaustine closets installed. This is an excellent piece of work from a sanitary standpoint. We ought to do the same thing in every one of our rural schools. These closets are clean and can be kept clean. The old earth closet is always a menace to the health and often their condition makes them a menace to the morals. New slate blackboards have been put in this building. To be sure in spite of the improvements the school room remains small and cramped. I suggest that another of our rural buildings be selected for attention this year and be put into better condition.

I cannot refrain from again reminding you that the Gale building is much in need of freshening and redecorating. The walls and ceilings are very dark and unattractive. A schoolroom ought to be bright and cheery in its appearance.

It is needless for me to say that the present school year so far has been a disappointment. The epidemic of influenza and the unprecedented amount of sickness since Sept has resulted in our loss of seven weeks of school in the village and the attendance during much of the time we have been in session has been far below normal. School work under such conditions has been neces-

sarily far from satisfactory. Our experience has been the universal one.

In November Gov-elect Bartlett appointed a committee to make a study of the educational system of the state. The legislature now has under consideration a bill which embodies the recommendations of this committee. The bill discloses a keen appreciation of present day needs possibilities. It has attracted the attention of students of education throughout the country because of its apparent soundness and breadth. Whatever its fate it is sure to have a thorough hearing.

I wish to express to the school board and teachers my appreciation of their cooperation.

Respectfully submitted,

CHANNING T SANBORN

Auditors Réport.

I have carefully examined the accounts and statements in this report by the selectmen, town treasurer, treasurer of the school districts, treasurer of the public library, the school board, town clerk, commissioner of water works, trustees of trust funds, and find the orders issued represented by receipted bills, and the different vouchers and all accounts correctly cast.

I have examined the books of the tax collector and find he has collected the

Bal of 1917 tax	\$721 29
Interest	18 64
One poll tax	2 00
	\$741 96
1918 tax	\$19,704 91
1918 tax bal	630 39

ALBERT A. SMITH

Town Auditor
